The Final Score ...

**To my wonderful District V members,
It has been amazing to represent you as the Texas Regional Vice
President for our district this last year. Even though this year is not
what we had expected, we have survived and thrived together. As a
region, we experienced a lot of firsts. We learned that we could still
provide similar programming to what we experienced in person, yet do
so in a safe and virtual environment. This is a legacy that we as a
region should be proud of and I can't wait to see what the future holds.**
